

THE DIFFERENCE

We are committed to providing our customers with the best in Cell & Battery Assembly Solutions. Our equipment and quality initiatives allow us to produce top-tier products at competitive prices.

Our teams continually research the latest developments in cell design, testing capabilities, and enhanced manufacturing techniques by developing new methods and utilizing innovative resources.

QUALIFICATIONS

- In-house design expertise.
- Performance & Quality Testing.
- Ultrasonic welders for plastics assembly.
- Technical advice and follow-up
- ISO-9001 Certified

CHEMISTRIES

Alkaline

Lithium (Li-Ion, Li-Poly, LiFePO4, LiMnO2, LiFeS2, LiSOC12, LTO)

Nickel Metal Hydride (NiMH)

Nickel Cadmium (NiCD)

Sealed Lead Acid (SLA, AGM, VRLA, GEL, Spiral)

Silver Oxide

We understand that no universal battery solution exists. It is based strictly on our customers criteria. For this reason, we pride ourselves in cultivating innovative custom design, for ease of manufacture, and application teams to optimize your portable power solutions.
